

\$15 BY 2027

Everyone in our communities who works a full-time job should bring home enough to feed their family and keep a roof overhead. But for too many families, that isn't the case — not because they're not trying hard, but because their job doesn't pay enough to make ends meet.

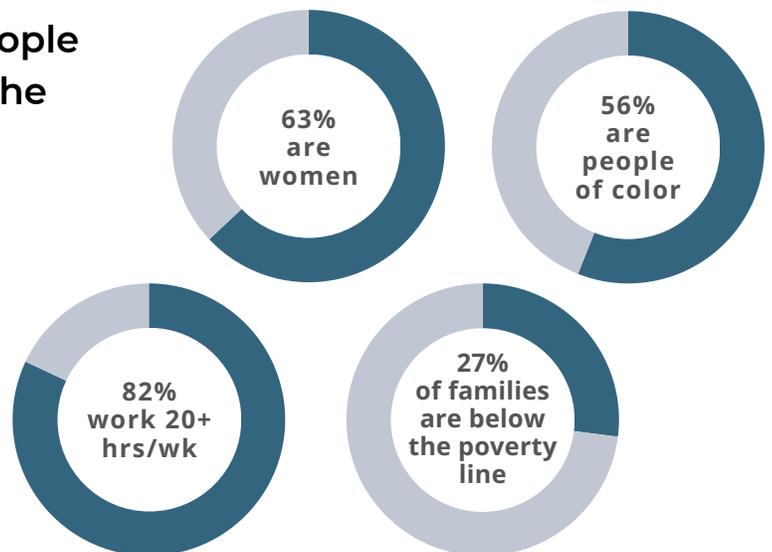

Supporting nearly
365,000 people
and their families

Together, we won a minimum wage increase in 2020. We can win again.

Who are the 365,000 working people who would benefit from raising the wage?

- 228,200 women
- 202,900 workers of color
- 300,800 people who work at least 20 hours a week
- 100,300 people whose families have income below the poverty line

About 9% of all working people would directly or indirectly see a raise from boosting the minimum wage to \$15 by 2027, including:
